**Proposal to include the Döner Kebab Emoji**

To: Unicode Technical Committee  
By: Maximilian Zierer c/o PULS  
[maximilian.zierer@br.de](mailto:maximilian.zierer@br.de)

17th of February 2015

**1. Introduction**

Döner Kebab is Germany's most favorite fast food snack<sup>1</sup>. Originally from Turkey, this fast food treat has made its way in recent years into food culture all over Europe and even to the United States<sup>2</sup>. More than just a snack, Döner Kebab is considered a success story in terms of acceptance of immigrant culture in Germany and Europe<sup>3</sup>.

However, to this day no representation for Döner Kebab exists as Emoji, nor has one been suggested. In Unicode 7.0, there can be found Emojis for Hamburger, Pizza, French Fries and many other kinds of international fast food snacks, but the Döner Kebab is still missing. I hereby propose adding a Döner Kebab Emoji in the next Unicode update.

## WM 2006: „Wir waren alle ein bisschen Ghana“

Bei der Fußball-WM 2006 erlebte Würzburg sein eigenes Sommermärchen. Das Team der Black Stars aus Ghana war zu Gast – und immer für eine Überraschung gut.

## FW-Politiker will Bayern-Flagge als Emoji - doch das wird schwer

Gut versteckt, am Ende der Emoji-Liste unserer Smartphones, finden sich unzählige Flaggen. Die bayerische ist aber nicht dabei. Der Freie Wähler Tobias Gotthardt will das ändern. Ganz so einfach, wie er wohl dachte, dürfte das aber nicht werden.

Von  Thomas Moßburger

Ob nun Fußballturnier, Urlaubsgrüße oder Heimattiefe: Es gibt so manchen Grund, ein kleines Flaggensymbol per Messenger an Freunde, Bekannte oder Kollegen zu versenden. Wer bei den Emojis neben der deutschen die bayerische Flagge sucht, wird aber nicht fündig. Das fiel jüngst auch dem Landtagsabgeordneten Tobias Gotthardt (Freie Wähler) auf.

Oder besser gesagt seinen Kindern, die ihn per Emoji bei WhatsApp grüßen wollten.

**BILD**  
Tobias Gotthardt hätte gerne die bayerische Flagge bei WhatsApp. Statt Facebook muss er dafür jedoch bei Unicode anfragen.

	27 June 2002 – 9 October 2004	1:2	Transitional Administration	The Loya Jirga of spring 2002 voted the Afghan national flag with some changes including the Coat of Arms being gold instead of white, the year now dating "1380" under the mosque instead of "1348". In June 2002, Afghanistan officially changed its national flag from a white coat of arms in the center of the flag to a gold coat of arms which symbolizes the colour of a wheat wreath. <sup>[33]</sup>
	9 October 2004 – 15 August 2021 <sup>[34]</sup>	2:3	Islamic Republic of Afghanistan <sup>[d]</sup>	After the New National Constitution of 2004 was approved, a new 2:3 Ratio with vertical national tri-colour Flag was flown, Under the rule of Hamid Karzai. There was no fixed Flag and all Afghan Flags were simply a similarity to this variant. Only until 19 August 2013 a fixed Flag was flown. <sup>[35]</sup>
		2:3		This flag incorporates the tweaked national emblem with a larger ribbon and which overlaps into the black and green bars instead of being completely contained in the red bar.
		2:3		A variant of the Islamic Republic of Afghanistan flag with a colored emblem instead of white <sup>[36]</sup>
 	15 August 2021 – present	1:2 <sup>[1][2]</sup>	Islamic Emirate of Afghanistan <sup>[a]</sup>	In 2021, the Taliban re-introduced the flag of the Islamic Emirate.
 		1:2		A variant of the <i>Shahada</i> on a white flag with "Islamic Emirate of Afghanistan" in Pashto written below the <i>Shahada</i> ; <sup>[37]</sup> a Dari Persian version of the flag has also been observed, although less frequently.

## The Past and Future of Flag Emoji

Emoji Flags are dead, long live Emoji Flags ☮ ☮ ☮

By Jennifer Daniel, Unicode Emoji Subcommittee Chair

With Emoji 16.0 submissions open from April 4, 2022 through July 31, 2022, the Unicode Emoji Subcommittee members stand with open arms for your future hair pick, khanda, and pink heart emoji proposals (BTW, if you were planning to prepare proposals for those concepts, we have some good news for you: they are already [Emoji 15.0 draft candidates!](#)).

That being said, there is one particular type of emoji for which the Unicode Consortium [will no longer accept proposals](#). Flag emoji of any category.
